ASTLEYS RESIDENTIAL

IS YOUR GARDEN READY TO STAND OUT?

ASTLEYS - SALE GUIDES

BLOOMING BRILLIANT

Take a look out of the window, how does your garden look? If it isn't quite looking at its best, it may be harming your chances of finding the right buyer for your home.

Gardens are often high on a buyer’s wish list so we've put together a guide with some helpful tips to help you make the most out of yours.

LET'S BEGIN

- Time to get the lawn mower back out and give the grass its first cut of the year. Top tip – Mowing in diagonal lines can make even the smallest of gardens look larger.

- Be sure to cut back all overgrowth and remove any dead plants and unsightly weeds.

- Make sure your boundaries are clearly defined and keep them in good condition (mend any broken fences etc.) Boundaries and fences painted in pale colours will instantly make your garden appear bigger and brighter!

A SPLASH OF COLOUR

- Hanging baskets will add eye-catching splashes of colour to your garden and can really improve your kerb appeal.
- Pressure wash away all of the years dirt and keep patios and paths looking at their best. Take the opportunity to give the outside of your windows a quick clean (at low pressure) while you're at it!
- Give the patio furniture a deep clean and position it on your patio/decking where it is likely to get the sun throughout the day.

LIMITED SPACE?

If you have limited space to work with in your garden, focus on demonstrating how it can be used.

- Set up some patio furniture
- Add some colourful flowers to your borders and pots
- Be sure to remove any clutter that may be taking up space
